## 'LA DOLCE VITA' in ITALY!

2nd - 29th September, 2022

Join our sweet sojourn and live 'the good life' as we explore ...  
San Marino- Umbria- Tuscany- Chianti- Reggio- Riviera- Venice & *more!*

Sestri Levante, Riviera

Have you ever longed to live like an Italian ? Have you dreamed of living 'la dolce vita?' .....strolling cobbled streets in little stone towns, sipping coffee at small seaside cafes, savouring long lunches in the stunning Tuscan countryside and enjoying meeting the locals and indulging in fabulous regional food and wine ? If you have... then this is your tour! So popular was it when first presented in 2019, we knew immediately that a repeat of this slow, sweet adventure was warranted!!

We fly into Bologna to meet our coach and Tour Director, then head off to the tiny republic of San Marino, our first base. We then stay in Perugia, Pienza, Radda in Chianti, Sestri Levante, Reggio Emilia, Vicenza and finally breathtaking Venice. Throughout, we slowly savour the delights of each of the towns we stay in as well as exploring other towns and fascinations around and between them.

As we pass through the various distinct regions, we revel in their differences.... contrasting landscapes, customs, architecture, food and wine...which all come together to define each precious place. This is not a 'big attractions' tour. It's one where small places and sweet pastimes shine. Enjoy convivial activities, visits, music and meals, plus free time to follow your heart and do as you please!

## TOUR OVERVIEW

*After a refreshing Dubai stopover we land in Bologna and head straight to tiny San Marino, waiting atop Mt Titano to reveal its fascinating history,. From here it's gracious Perugia in the heart of Umbria, then Pienza in Southern Tuscany with its Abbeys, wineries, bubbling thermal water and lovely small towns. Chianti, the region known for its famous wine, comes next, with quaint little towns, lovely countryside, food and wine! Time for a change and the Italian Riviera. Our base is alluring Sestri Levante and our spectacular hotel, sits high up, overlooking the two bays. From here we can enjoy famous Portofino, Santa Margherita and the Cinque Terre. When its time to leave this playground of the rich and famous, we head inland to a tiny town with a big piece of history, Reggio Emilia. Here the 'Tricolore', the Italian flag, was born! This region is famous for food. We indulge in many local specialities and enjoy a long lunch in the hills. We also make a moving visit to the home of late tenor (and gourmand!) Pavarotti. Enroute to Venice, we move to the region of Veneto, visiting the largely intact medieval town of Montagnana, before reaching Palladio's Vicenza and his famous theatre. Our final stop, 'La Serenissima' - Venice, is a timeless marvel, full of joys and music, with Vivaldi concerts and opera at La Fenice. We even stay on the Grand Canal! This tour offers endless gentle pleasures and a real immersion into Italy and what makes it so special. We love it and you will too!*
